PowerPoint Proficiency

PROFESSIONAL SUMMARY

Presentation Design Project Coordinator with 2+ years of experience managing end-to-end design workflows from client briefing through final delivery. Skilled in coordinating between clients, internal teams, and designers to ensure smooth project execution, while building strong client relationships through clear communication and high-quality delivery. Advanced proficiency in Microsoft PowerPoint, with hands-on experience designing pitch decks, sales presentations, company profiles, and executive reports. Proven ability to track timelines, assign tasks based on team bandwidth, manage multiple projects simultaneously, and maintain brand consistency and visual storytelling across all deliverables, even in fast-paced, deadline-driven environments.

CORE SKILLS

PROJECT & CLIENT COORDINATION

- End-to-end project workflow management
- Client briefing, requirement gathering & sign-off
- Cross-team coordination (clients, designers, internal teams)
- Timeline & deliverable tracking
- Task assignment based on team bandwidth & priority
- Revision & feedback management

PRESENTATION DESIGN

- Pitch decks & sales presentations
- Company profiles & executive reports
- Advanced Microsoft PowerPoint (layouts, formatting, masters)
- Brand consistency & visual storytelling
- Adobe Photoshop & Illustrator
- Canva for rapid design iteration

PROFESSIONAL STRENGTHS

- Stakeholder management & client relationship building
- Excellent written & verbal communication
- Time management under multiple deadlines
- Independent, self-directed work ethic

KEY SKILL AREAS & ACHIEVEMENTS

End-to-End Workflow & Project Coordination

- Managed end-to-end production of 50+ corporate presentations — from initial briefing through design, review, and final delivery — ensuring smooth execution at every stage.
- Coordinated between internal teams and stakeholders to align project scope, timelines, and deliverables, keeping all parties informed throughout the design cycle.
- Tracked project timelines and deliverables closely, consistently meeting deadlines across multiple concurrent design projects.

- Assigned and prioritised design tasks based on project urgency and team bandwidth, ensuring efficient workflow distribution.

Presentation Design & Visual Storytelling

- Designed and delivered 50+ pitch decks, solution presentations, and company profile materials, translating complex business ideas into visually compelling slides.
- Applied advanced PowerPoint techniques — custom layouts, slide masters, formatting, and design hierarchy — to produce polished, professional decks.
- Ensured all presentations maintained strict brand consistency, high-quality formatting, and strong narrative flow across departments and use cases.
- Used Adobe Photoshop and Illustrator for supplementary graphics and asset creation integrated into final presentations.

Multi-Project Management in Fast-Paced Environments

- Managed multiple concurrent design and communication projects across departments, balancing competing priorities while maintaining meticulous attention to detail.
- Streamlined event and campaign branding workflows by implementing standardised templates and processes, improving turnaround efficiency under deadline pressure.
- Demonstrated reliable, independent delivery on time-sensitive projects, including major conference branding for Microsoft Ignite and AWS re:Invent.

PROFESSIONAL EXPERIENCE

Branding & Communication Executive — Presentation & Project Coordination

Jan 2024 – Present

Miracle Software Systems | Visakhapatnam

- Managed end-to-end design workflow for 50+ corporate presentations and solution decks, from briefing through final delivery, ensuring brand consistency and high-quality formatting.
- Coordinated between internal teams and stakeholders to gather requirements, track project timelines, and ensure on-time, satisfactory delivery.
- Designed pitch decks, sales presentations, and executive-level solution decks using advanced PowerPoint techniques and strong visual storytelling.
- Built and maintained stakeholder relationships through professional, responsive communication, handling feedback and revision requests efficiently.
- Assigned and managed design priorities across multiple simultaneous projects, including conference materials for Microsoft Ignite and AWS re:Invent.
- Used Adobe Photoshop and Illustrator to create supplementary graphics, maintaining brand-aligned visual quality across all deliverables.

Digital Marketing & Design Intern

Jun 2023 – Dec 2023

Miracle Software Systems | Visakhapatnam

- Supported digital communication, campaign coordination, and presentation design, gaining foundational experience in client-facing project execution.
- Assisted in creating branded visual materials and tracking project deliverables across multiple internal initiatives.
